FOOTSTEPS® MEMORY CARE

Footsteps Memory Care is a comfortable, protected community completely re-imagined for those with dementia, such as Alzheimer's disease. Our Health Services team walks with families every step of the way and offers increasing support as abilities, health and relationships change.

Our mission with Footsteps Memory Care is to enrich the lives of residents on a daily basis. Creative programs help evoke memories and encourage socializing with others through story-telling, gardening, music, photographs or a paintbrush and paper. Always at the core are our values of respect for one's dignity.
